

The 1971-1981 Infinite Way Letters

Spiritual Discernment: the Healing Consciousness
The 1974 Letters by Joel S. Goldsmith
Edited by Lorraine Sinkler

In this important book, Joel Goldsmith describes how an experience of spiritual healing led him into a life of Grace. He spent the rest of his life traveling around the world healing, speaking and above all, teaching others the principles of spiritual healing.

"An activity of God operates in human consciousness and, if we are sufficiently willing, It operates through us and makes us go out and do Its work."

Beginning with the chapter "Peeling Off the Onion Skins," about dropping all concepts of God, the book presents all aspects of attaining the state of consciousness Goldsmith describes as the infinite way of life. Included in this fine volume are chapters such as, "Immortality Unveiled," "The Middle Path," and finally, "Transition to Christhood":

"So it is...you have moved from one who is seeking to one who is."
